

AN IDEAL SPOT FOR HIM

There is no better place in the world than Kittery for the President to recuperate. The suggestion that he be invited to summer at the famous Hotel Champenowne would give him every comfort—and what a beautiful spot! The invitation has been extended. He would have the benefit of our famous harbor for his official ship, the Mayflower.

MAY LET WORK TO CONTRACTORS AT NAVY YARD

Would Do Common Labor in the General Store.

Another surprise reached the navy yard today in the fact that the navy department at Washington has under consideration the plan to have the work of common laborers in the supply department performed by contract. This plan is not likely to be put in operation until the government finds that the necessary men cannot be obtained through the regular routine of the yard labor board. Anyhow, there is a possibility of this method being carried out the same way that trucking and other contracts are awarded.

This latest proposed scheme of the government is the result of the recent strike in the general store regarding the status of general helpers and laborers.

PLOT TO BLOW UP BUILDINGS IN PROVIDENCE

Guards Placed About Federal Building and Old Custom House.

(By Associated Press)
Providence, R. I., May 6.—As a result of information received by government authorities here that an attempt might be made to blow up the federal building and the old Custom House building, guards watched both structures all last night and will remain on duty for some time. All persons entering the federal building or approaching the custom house building, which was closed some years ago, are being watched closely.

BENSON SAYS HE TOLD SIMS TO KEEP AWAY FROM BRITISH

Did Not Want American Admiral to Be Influenced By Friendship For England

(By Associated Press)

Washington, May 6.—Admiral William S. Benson, war time chief of naval operations, told the senate naval investigating committee today that both before and during the war he had warned Rear Admiral Sims not to let his friendship for the British influence his official acts. Admiral Benson said he could not deny that he had told Admiral Sims in March, 1917,

"not to let the British pull the wool over your eyes. We would as soon fight them as the Germans," as he could not recall all the details of the interview. The witness did say, however, that a wrong interpretation had been placed on the statement attributed to him by Admiral Sims and he stated that as a result he had been done a grave injustice. He denied he was in any way unfriendly to the British.

GERMANS PLAN TRUCK FARMS IN RUSSIA

(By Associated Press)

Moscow, May 5.—Three hundred Germans, the vanguard of a large number of skilled workers planning to emigrate to Russia, are expected to arrive here in the near future. These men will engage in truck farming to supply the Moscow market.

VISCOUNT SUGI OF JAPAN DEAD

(By Associated Press)

Lynn, Mass., May 6.—No revision of wages at the local plant of the General Electric Co. is possible before July 1st,

and the system of timing operations cannot be dispensed with. Gen. Manager G. M. Rice announced today in offices posted at the plant. There has been unrest among the 12,000 operatives on the question of wages and the timing of work. Several hundred have walked out in protest against the latter and meetings have been called for tomorrow night and Sunday to formulate demands for an increased wage schedule.

NO REVISION OF WAGES AT G. E. PLANT

Honolulu, May 5.—Viscount M. Sugi, private counselor, died today aged 50 according to a Tokyo telegram to the Japanese language newspaper Nippon Jiji.

P. A. Jones has returned from a business trip to Worcester.

Dr. Harry Cronin and Dr. Featherman are in Boston to attend the bout.

SOVIET FORCES IN RUSSIA ARE ROUTED

Bolshevik Forces Leave Large Quantities of Arms and Ammunition Behind Them.

(By Associated Press)

Berlin, May 5.—Reports that two Russian Bolshevik armies have been routed and virtually destroyed in the course of the Polish Ukrainian offensive against Kiev seem to be affirmed by dispatches received here. Reports which are taken with some reserve indicate that Soviet forces have been forced back to the outskirts of the city. Bolshevik troops were thrown into a tank by the rapid defense of the Polish and Ukrainian armies and retreated from some parts of the front leaving large supplies of arms and ammunition. It is said Ukrainian peasants still held by the Bolsheviks are declared to be in rebellion.

FEARS MUST SERVE YEAR JAIL SENTENCE

Webster Shoe Man Guilty of Defrauding Government in Connection With Army Shoe Contract.

(By Associated Press)

Boston, May 6.—Frank J. Fears, vice president and general manager of the A. J. Bates Shoe Company of Webster, was taken to the Greenfield jail today to be given a sentence of a year and a day for conspiracy to defraud the government and for bribing federal inspectors in connection with the making of army shoes. The United States District Court this morning reaffirmed the sentence which was imposed a year ago but was delayed by unsuccessful appeals.

CHARGE SOCIALISTS CAUSE OF RAILROAD STRIKE IN FRANCE

One Prominent Member of Order Arrested--Few Trains Are Running Out of Paris Terminals

(By Associated Press)

Paris, May 6.—Henri Lorient, a prominent member of the Socialist Federation of the Seine was arrested today charged with plotting against the interior security of the country in connection with the railroad strike. The strike situation was unchanged both the government and the labor federation claiming victory. Marseilles and Havre are completely tied up by the strike of dock workers while railroad service is greatly reduced. Only 52 trains were dispatched from the St. Lazare station yesterday while in normal times 562 leave this terminal daily. The first report of an attempt at sabotage was received today when an investigation is said to have disclosed that all trains launched on the railroad near the "Noley Le Sec" caused a locomotive and two empty cars to jump the track.

TWO CHILDREN LOSE LIVES WHEN HOME BURNS

ENGINE TROUBLE FORCES RETURN OF DESTROYER

(By Associated Press)

New York, May 6.—The U. S. destroyer Lardner, one of the seven war ships which left yesterday for Key West for probable service in Mexican waters, was forced to return today because of engine trouble. It remains scheduled to be promptly made available, another destroyer would be substituted for her.

WOOD AHEAD IN INDIANA

Indiana, May 6.—Major General Wood with a total of 81,611 votes apparently is assured of a plurality of almost 10,000 over Senator Johnson of California, who had 72,432 on the face of unofficial returns from 3183 precincts out of 3287 in Indiana in Tuesday's primary election. Governor Lowden of Illinois continues in third place while Senator Harding of Ohio has fourth.

ENGINEERS IN LAWRENCE WANT \$50 A WEEK

48-Hour Week Is Also Demanded by Men Who Run Engines in Textile Mills.

(By Associated Press)

Lawrence, Mass., May 6.—Sixty union engineers in a number of textile mills here struck today for a 48-hour week and a minimum wage of from \$40 to \$50 a week. The engineers say they have been working from 60 to 66 hours a week and that their pay has been from \$25 to \$35 a week. All the mills were running as usual today. Conflicting statements were made as to the strike. Officials of some of the larger mills declared that none of their engineers had struck, while union officials insisted that at least 60 men had quit work.

M'CALL CHOSEN FOR TARIFF COMMISSION

Washington, May 5.—It is understood that Ex-Senator Samuel W. McCall has been selected for the existing vacancy on the United States Tariff Commission and that he has accepted the appointment. The commission will be sent to the White House immediately, perhaps tomorrow.

Recently, ex-Senator Theodore B. Burton of Ohio was nominated for the tariff commission and his name was sent to the senate without consultation with him. Ex-Senator Burton declined the appointment and the nomination was withdrawn.

It is said that the White House has received assurances from Mr. McCall that he will accept. There is no reason to believe the senate will refuse confirmation.

BOOMING SPAULDING FOR SENATOR

The city and state was flooded on Wednesday with circulars and return cards bearing Huntley Spaulding of Rochester as a candidate for United States senator, to run against Senator George H. RHEUMATISM LEAVES YOU FOREVER

Keep Seated! Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenburys are consumed, rheumatism does not stop all agony, reduces swollen joints and do away with even the slightest sting of rheumatic pain, he will gladly turn your money without comment. Allenbury has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and chronic and where the patient was helpless. Mr. James H. Allen, the discoverer of Allenbury, who for many years suffered from rheumatism, has been cured by Allenbury. He is now a healthy man, and he has been able to do all his duties. Allenbury is a sure cure for rheumatism, and it is the only medicine that has been found to be effective in every instance.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

AUTO TRAFFIC PROBLEMS LOOK BIG

The question of the kind of silent policeman that will be used this summer at the various heavily congested corners about the city is still unsettled by the Board of Public Works who the Police Commissioners have asked to furnish the silent policeman. The kind used for the past few years are so frail that the are constantly being broken and some drivers take great delight in sideswiping them.

The Board has installed an ordinary iron hitching post in the street at the corner of State and Middle street. It is painted red and drivers complain that during the day it is hard to see, especially for a driver coming up State street as the red post against the red bricks of the Middle street church makes it very inconspicuous. Drivers have suggested that wings be placed at the top and these painted white and this would be easily seen at all times. At night it is marked by a red lantern placed at the base.

The police had recommended that something similar to that at the corner of State and Middle streets be used but that instead of being imbedded in the ground, it be set into a good sized piece of granite or concrete, so that when hit it would give way to a certain extent but inflict enough damage to make the driver careful of hitting it again. The post at the corner of Richards avenue and South street, is the same of the auto drivers. This is a narrow and dangerous corner and with a silent policeman in the middle exceedingly difficult to get around. An old-time driver offered the suggestion that some kind of a warning arrangement be suspended from a wire stretched across the street and just touching the ground. It would give it struck by a machine and at the same time serve its purpose. The street is narrow here and a wire across from two poles now in position would hold any reasonable weight.

The corner of Hanover and Vaughan and the corner of Vaughan and Deer streets are subject of considerable concern by the police. They are heavily traveled and there is always more or less congestion. The corner of State and Pleasant streets is also a corner which requires careful driving. It has been suggested that a condition here might be relieved by taking a portion of the Post Office sidewalk, and rounding the corner into State street.

With every prospect that the automobile traffic this season will exceed anything for years, it is small wonder that the police are worrying about how it can best be handled. Another problem which will be only solved by motorcycle officer, is the new Lafayette road. With this fine straight stretch of road there is sure to be a great deal of speeding unless a traffic officer is on duty.

TEACHERS HOLD MEETING AT EXETER

The Rockingham County Teachers' Association held a conference at Exeter on Monday May 10th. It will be held at the Robinson seminary and the principal speaker will be Mr. Payson Smith, Commissioner of Education in Massachusetts and one of the leading educators in the country. An interesting program has been arranged and it includes an address by Deputy Commissioner J. N. Pringle of Concord.

PEOPLE'S OPINIONS

Candia, N. H., May 5

Editor:—
I read in your paper recently a few remarks addressed to me by "Railroad Man" in regard to a recent letter of mine mentioning the lateness of certain trains. I realize if I was a railroad man I might think some thing as he does, but there is always two sides to a question. I wish to say I did not refer to the train service of February and March. I think it almost wonderful how the trains got through as well as they did, during the existing conditions, which were something unknown even by the "oldest inhabitant." But I refer to the every day service through the year. The morning train from Portsmouth to Concord is usually late at the stations west of Hockingham Jet, and the evening train is as late if not worse. One night last week it came in on time. I really cannot tell when it has arrived in time before.

As my husband is a navy yard work man and comes home on this train I know something about it. I listen and watch for it every night and I never know whether it is going to be five, ten, fifteen minutes, one half an hour, or an hour or more late. I never know until I hear the train whistle in.

My husband says he wishes the R. & M. would run an hour ahead all the time, then there might be some prospect of his getting home on time. With all respect to "R. M." I realize there are times when a train can not avoid being late, but when it is almost every night, it is very unpleasant to say the least. Think of the woman whose work is over at 4:30 p. m. Some times it is over three-hours before he can get home and his wife waiting and trying to keep a hot supper in the best condition she can.

Certified Milk

Is the ideal raw milk and is very desirable. It is reasonably safe but expensive and is not sold or produced in Portsmouth or immediate vicinity.

Farmers and dairymen know that tuberculosis occurs oftentimes even in the most expensive and best cared for herds of milk cows and because of this fact many breeders of fine stock insist that calves be fed only pasteurized milk.

Should milk for children and our own consumption be less safe-guarded?

CLEAN MILK PASTEURIZED

IS THE ONLY

ABSOLUTELY SAFE MILK

and is produced in Portsmouth in the most modern milk plant in New England and is sold at the same price as ordinary milk—15 cents per quart—which our central delivery and volume of business makes possible.

It is more profitable for us to sell the raw milk (twice the health laws would let and the customer is indifferent), but we recommend and prefer to sell a safe and sanitary product at a less profit.

We respectfully solicit your patronage and invite inspection of our plant.

ANNOUNCEMENT

On and after Tuesday, May 4th, at the South Street Service Station, we shall be equipped to render prompt and efficient Automotive Service. We shall specialize in Electrical Work. To support this statement we would announce that we have secured the services of Mr. Leroy Chase, whose ability is already well known to many local automobile owners.

Prompt and efficient service in the automotive line necessarily depends upon adequate machine shop equipment, which we consider one of the most important functions in the automobile repair work.

At an early date we shall be equipped with a truck capable of handling any kind of tow work. We shall carry a full line of automobile accessories, oils, greases and gas.

At present and for a short time we shall be slightly handicapped by building alterations and installation of equipment.

BRILLIANT NAVAL WEDDING AT ST. JOHN'S CHURCH

The wedding of Lieutenant Edward A. Fellows, U. S. Marine Corps, son of Rev. and Mrs. E. C. Fellows of Brookline, and Miss Beatrice M. Moses, daughter of Colonel and Mrs. Lawrence H. Moses was celebrated at 7:30 o'clock Wednesday evening at St. John's Church in this city, the rector, Reverend Father Nelson Kellogg officiating.

The ancient historic edifice, which has been the scene of many a brilliant wedding, contained a large company of friends and relatives to witness the nuptials.

The decorations were charmingly arranged and consisted of tall potted palms, Easter lilies and pink roses. The tablets were hung in white and bordered with sparkling phosphorus. The altar was Easter lilies and roses, while about the changed were pots of Easter lilies and palms.

Miss Ruth Jarvis, the church organist, presided at the organ and rendered selections while the guests were gathering. As the wedding party entered the "Hallelujah Chorus" from Wagner's "Lohengrin" was played and at the conclusion of the ceremony the Mendelssohn Wedding March.

The bride, who was given in marriage by her father, wore a short but long gown of white crepe de chine, and carried a white train. Her veil was of tulle with lace coronet, finished at each side with a spray of orange blossoms. She carried a shower bouquet of lilies of the valley and orchids, and was attended by her young sister, Miss Nell Moses, as maid of honor, who wore a ruffled, organza frock of robin's egg blue, with a crown of blue tulle and wreath of pink roses, and carried sweet peas. The other attendants were Miss Marion Payne of Portsmouth, Miss Elizabeth Hutchins of Galveston, Texas, and Miss Helen Hutchins of Newton, Mass., who were in violet chiffon over satin with broad silver sashes and French flowers. Their old-fashioned veils were of white tulle which fell from pleated coronets edged with silver. They carried pink pink sweet peas.

Mrs. Moses, mother of the bride, was dressed in a draped gown of royal blue and silver brocade, and carried gardenias, and Mrs. Fellows, mother of the bridegroom, wore a gown of black tulle and jet over satin, and carried orchids. Mr. Norman H. White, Jr., of Brookline, Mass., was the best man and the ushers were Lieutenant Joseph Fowler, U. S. Navy, and Ensigns Milton Anderson, John Langstaff, Roland Wines, Richard Harting and Donald Osborn, U. S. Navy all on duty at the Portsmouth Navy Yard.

The wedding was military the groom being in the blue dress uniform of the Marine Corps, and the ushers in the blue Navy uniform. The bride and groom passed under a sword arch formed by the ushers at the conclusion of the ceremony, and at the steps of the church between double ranks of the guard of honor, composed of picked non-commissioned officers from the Marine barracks.

There was a reception after the ceremony for the immediate friends and relatives at Building 78, at the Navy yard. The out of town guests were Mr. and Mrs. P. H. Moses of New York, Mr. and Mrs. Walter I. Dodge of Cambridge, Mass., Mrs. Irving Dodge and Mrs. Hilbert P. Day of Cambridge, Mass., Mr. and Mrs. William Auburn of Chestnut Hill, Mass., Mr. and Mrs. Norman H. White, Jr., of Cambridge, Lieutenant Commander and Mrs. Craig of Newport, R. I., and Mrs. John Dabney and Mrs. Harriet Ross of Boston, Mass.

Lieut. and Mrs. Fellows after a wedding trip will reside at the navy yard. Both are very popular in the circle in which they move. The groom was a student at Yale College when the war broke out and he entered the service. The bride attended a select school in Boston.

Hosts of friends of the couple extended best wishes for their future happiness.

CAN THE NAVY YARD CLOCKS BE CHANGED?

No Change to Be Made Until Federal Law on Daylight Saving Is Consulted.

Regardless of the various rumors relative to the working hours at the navy yard when this city changes its clocks for daylight saving, nothing has been decided one way or the other as yet.

Captain Sypher said today that the matter is under consideration and before any other change is made, it will be necessary to consult the federal law covering the same.

The navy yard can start and stop work at any hour suitable to the officials, but changing the navy yard clocks is another matter.

The following question has presented itself: "If the navy yard is a federal institution and the law requires all government work to be performed under standard time, can the navy yard as a federal branch, violate the federal law by making any change in the standard time?"

The future is going to depend on just what the national law allows, in this matter and no action is likely to occur until the law is made plain.

It is known that the local yard officials are in favor of meeting the situation in Portsmouth, but will they be within their rights in moving the hands on the governmental clocks?
